Hello Don.

I have received a response relative to the contract. Because the contract has been expired for three years, we can not complete a contract amendment to extend the contract or remove the other party from the contract. We are required to release a new Request for Proposals with the remaining contract amount. I will ask Rick to do so.

Thanks for your patience.

Does the attached draft work from the City Clerk's Office perspective?

Yonah, do you have any comments from the CRA perspective?

Thanks to all.
